

REMEMBRANCE

kids

Hi Parents!

We have had an amazing first month of Fall Kid's Ministry! It has been so wonderful learning and engaging with the kids again!

We have now decided to move into "Phase 2" of our Fall Kid's Ministry Plan in response to the growing number of people returning to In-Person church. The following changes will take place starting on [THIS Sunday, November 1st](#).

First major change is that **Nursery will be open!** We will have a limited capacity of 8 kids per room. We will be more flexible about ages for the infant room and toddler room because we will be keeping siblings together. Our volunteers will be asked to wear masks, and all kids and volunteers will be asked to wash hands/sanitize on the way into the room. We will also be completing thermal temperature checks for kids on the way in. All toys and objects in the rooms will be sanitized weekly in between uses. Starting November 1st, please check-in your nursery aged child on the Church Center App on your phone, then scan the barcode on the Ipad at the Check-In Station in the lobby. Once you have your tags, bring them to Nursery Desk where you can drop off your child and take a pager in case you are needed.

Our second change will be that our **TrailBlazer** and **TrailRunner Kids** will **go up to their classrooms BEFORE the service**, and they will have their own worship time with their age groups. This will free up more seats in the Worship Center for adults and get the kids back to worshipping together! We will have the TrailBlazers and TrailRunners worship at separate times in our large BaseCamp room on risers spread out throughout the room. So starting November 1st, make sure you arrive 15-20

minutes before the service so you have adequate time to check in and drop off your child. After you have checked in your child(ren) on the ipads, you can take your printed tags upstairs to our check-in table where our team members will assign your child to their color room, like normal, and then you can drop your child off at their classroom. Dismissal after church will be the same as before! We still ask that all parents go up the main stairs and exit down the back stairs to keep the flow of traffic in one direction.

Our mask protocol remains the same: we ask that all adults and kids wear their masks in the hallways and common areas, but once they are in their classroom, they may take it off if they wish.

Also, just a heads up, we will have Fifth Sunday on November 29, which means that we will not have TrailBlazers/TrailRunners that day, so that our kids can worship together with their families.

Thank you for understanding as we navigate through all these changes. We are doing our best to keep it as normal as possible for the kids and we pray that your children will be blessed through their experience at Remembrance Kids!

In Him,

Lydia, Leah & Julie

Remembrance Kid's Ministry Team
