Message Reflections

June 12, 2022

Consider: Have you ever had a time in your life when the work of Satan seemed very real?

Read: **Revelation 12**

Reflect: Think about the chapter as a whole.

- *Have you been hesitant to acknowledge the reality of Satan and his demons, including their determined efforts to stop the purposes of God in His church? If so, why?*

All through this chapter we read of the steps God has taken to protect and preserve the Church, His people, against the attacks of Satan and his demons.

- *What are some of the ways you see this happening in our own day?*

The dominant theme of chapter 12 is the decisive overthrow of the devil. However intense, and at times discouraging, the battle against Satan can be (often as a battle against sin and self), it is not often that we engage in a struggle in which we know the outcome from the start.

- *How does the knowledge that Christ, our King, has defeated Satan help you press on ahead, in faith, despite even the most discouraging circumstances?*

The clear message of Revelation is… GOD WINS!

I urge you today to celebrate the TRIUMPH you have in Christ. (Revelation 12:14) Hold fast to your faith, go and proclaim the gospel, and never give up!
